CATS combines state-of-the-art equipment with years of operational experience to ensure the expectations of our clients are not only met, but exceeded. SPN Well Services offers a patented Automated Completion Rig for your most challenging and longest lateral well projects. Controlled remotely by personnel in a command center, this technology provides workover and snubbing operations, with no personnel on the rig floor. Our management team has the technological expertise and equipment knowledge to provide custom solutions that will safely meet all your needs.
Equipment & Resources

**FIRST GENERATION**
- 600 HP AC Drawworks
- Top Drive 12,000 ft/lbs Torque
- BOP 5K,10K & 15K
- Derrick - 73ft
- 5 Man Operation
- Accumulator - BOP Control System
- Hydraulic Catwalk
- 500 HP Pumps

**SECOND GENERATION**
- 600 HP AC Drawworks
- Top Drive 22,000 ft/lbs Torque
- BOP 5K,10K & 15K
- Derrick - 128ft
- 5 Man Operation
- Accumulator - BOP Control System
- Hydraulic Catwalk
- 1000 HP Pumps

**ADDITIONAL RESOURCES**
- Customized Rigs
  "Built to Suit"
- Pipe Handling Systems
  for your Work String
- Frac Valves & Flow Back
- Downhole Motor & BHA
- Torque & Test
- 2 3/8" & 2 7/8" Tubing

**Applications & Services**

**CATS APPLICATIONS**
- Longer Laterals
- Multi-Well Applications
- Completions & Service Work
- Automated Snubbing
- BOP Stacks

**ADVANTAGES**
- Small Footprint
- Elimination of Personnel on Floor
- Automated Pipe Handling
- Harsh Weather Packages
- Equipment Certification

**TECHNICAL**
- DAS - Data Acquisition System
- Satellite Link Capabilities
- Camera Stations Accessibility
- On-Site Control Center
- All Rig Data Recorded & Secured

**Extensive U.S. Basin Footprint**
